TRUSTED DIGITAL COMPETENCE PLATFORM

APPCRO BMS platform – Main software advantages:

- **Out of the box Cloud SaaS or On-Premise (local) 24 in 1 Business Management Software (BMS).**
- Multifunctional and fully modular web based platform solution with 250+ modules inside 24 sub-systems.
- **Consolidates, improve, optimizes and reduces (number & cost) company software infrastructure.**
- Multilingual (16+ languages) & globally available over Cloud SaaS or official APPCRO local partners.
- **Supports, improve & extend more than 50 business processes in every kind of global organization.**
- A fully responsive software solution (easy to use on desktop, tablet and smartphone mobile devices).
- **Easy integrations & extensions for different software products (ERP, HRM, PLM, WMS, CRM, DMS).**
- Different platform versions are suitable for any kind and any size organizations (small, middle and big).
- **The platform includes these solutions: CRM, DMS, ECM, RMS, ERP, BPM, CMS, ITSM, EAM, KMS, GRC, PM.**
- Flexible enterprise architecture based on Web API services with the ability of plug-in modules and apps.
- **Multi-company support & multi-org model (one system can be used for many group-related companies).**
- Up to 40% increase in work productivity (better task management, collaboration, AI assistant suggestions, verifications & document approvals, digitization of documents & templates, portals, easy online availability).
- Microsoft based solution (On-prem requires MS Win App. Server, MS SQL Express, no extra MS CAL licenses).
- **Fast and easy digital process transformation (fast 1-3 months implementation and simple API integration).**
